THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la joliette8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

All such horses must be properly registered with the FEI and identifiable and, unless there is no national requirement for equine influenza vaccination in the host country and in the country of origin all horses must have a valid vaccination certificate. All horses permanently resident within a member state of the European Union, must have as minimum a suitable national EU approved passport in compliance with regulation (EC) No 504/2008.

3.3 All FEI and/or national passports must include the full name, address and signature of the Owner as registered by the NF. The description of the Horse and the diagram must be accurately completed in order to be acceptable and the FEI and/or national passport, must include a record of all vaccinations and medication control tests. Whenever the name of a Horse with an FEI and/or national passport is changed, or any pertinent changes are made to an FEI and/or National Passport, the NF must notify the FEI.

3.4 NFs are responsible for issuing FEI passports and FEI Recognition Card for all Horses required to have them and for ensuring that the FEI and/or national passports are correctly completed, as specified in the VRs, prior to being authenticated by the stamp of the NF and the signature of an Official of the NF. The issue of a duplicate FEI and/or national passport must be reported to the FEI (see VRs).General Regulations, 23rd edition, 1 January 2009, updates effective 1 January 2011 39

3.6 OCs must arrange for each Horse to be positively identified at the passport control during the examination on arrival, in accordance with the VRs. Any case of misleading or inaccurate information in an FEI and/or national passport, or if the Horse cannot be

positively identified, must be reported to the President of the Appeal Committee, who must report the case to the FEI, giving the number of the FEI and/or national passport with the FEI Recognition Card and the name of the Horse.

3.7 All Horses taking part in FEI Events must be registered with the FEI.

4. EQUINE INFLUENZA VACCINATION, VET. REGS. ANNEX VI (except events taking place in NZL & AUS)

From 1 January 2005 onwards, influenza vaccination for all Horses competing in FEI competitions requires a vaccination within six months + 21 days of the competition.

4.1. All Horses intending to participate in FEI competition must have at least received an initial primary course of two vaccinations, given between 21 and 92 days apart. Thereafter, a third dose (referred to as the first booster) must be given within 7 months after the date of administration of the second primary dose, with at least annual boosters given subsequently (i.e. within one year of the last dose).

4.2. If the Horse is scheduled to take part in an FEI competition, the last booster must have been given within 6 months + 21 days of arrival at the FEI Event. (The 21-day window has been provided to enable vaccination requirements to fit in with the competition schedule).

4.3. No vaccination shall be given within 7 days of the day of arrival at the FEI Event.

4.4. All Horses that were certified as correctly vaccinated under the previous FEI equine influenza vaccination rule prior to 1st January 2005, do not need to start a primary course again provided that they have complied with the previous rule of primary course and annual re- vaccinations and the new rule of a booster vaccination within 6 months + 21 days of the day of arrival at the FEI Event.

MEDICATION CONTROL PROGRAMME (GROUP I & II ONLY)

The Organising Committees of FEI events within Groups I & II are advised to charge competitors the equivalent of CHF 12.50 per horse per event as a contribution towards the costs of the MCP programme.

SAMPLING FOR PROHIBITED SUBSTANCES (Vet. Regs. Chapter V & VI and Annex III)

Regular sampling is carried out in CCI3* and CCI4*, CSIs (3*, 4*, 5*), CIOs, World Cup Qualifiers and Cup Finals, Championships and Games, whereas at other CIs sampling is recommended. Where testing takes place, the number of Horses tested is at the discretion of the Testing Veterinarian/Veterinary Delegate. At CCI3* and CCI4*, CSIs (3*, 4*, 5*), CIOs, World Cup Qualifiers and Cup Finals, Championships and Games it is recommended that a minimum of 5% of all Horses (with a minimum of 3 Horses tested) must be sampled (see also VRs Art. 1016.5.).

Special guidelines are applicable for events covered by the FEI Medication Control Programme (Groups I & II only).

6. VETERINARY TREATMENT AND DESIGNATED TREATMENT AREAS AT FEI EVENTS:

The 2010 FEI Veterinary Regulations include changes in the approach to the procedure for permitting treatments at FEI events, and introduces a requirement that such treatments must take place in designated treatments areas. Designated treatment areas allocated only for this purpose must be provided at events, but certain treatments as specified below may take place elsewhere by agreement with FEI Veterinary Officials (FEI Veterinary Delegates or members of the FEI Veterinary Commission) i.e. in own stables. These changes also reflect the new approach to the FEI List of Equine Prohibited Substances since 5th April 2010 which now contains an exact list of substances that are prohibited under FEI rules. See: www.feicleansport.org.

Permission to undertake treatments and the location where they take place, is under the control and the authority of the FEI Veterinary Officials present. The following documentation must be completed when permission to treat is required.

Equine Therapeutic Use Exemption (ETUE) Form 1 - Authorization for Emergency Treatment (i.e. involving medication containing Prohibited Substances). This is issued by a FEI Veterinary Official and must also be countersigned by the Ground Jury.

- Treatment generally must take place in allocated designated treatment areas for this purpose unless by special agreement with FEI Veterinary Officials. The only exception to this is a clear emergency, when a retrospective ETUE may be considered, but may not be authorized in all cases

Equine Therapeutic Use Exemption (ETUE) Form 2 - Declaration for administration of altrenogest to mares competing in FEI competitions. This must be submitted before the start of the event. No Ground Jury countersignature is needed.

- Treatment may take place in own stables

Medication Form 3 - Authorization for the use of Medication not on the list of Prohibited Substances (i.e. rehydration fluids and antibiotics).

For permission to administer these substances by injection, naso-gastric tube or nebulisation (i.e. with saline only) it is necessary to complete Medication Form 3. For other administration methods of such substances not on the Prohibited Substances list i.e. in an oral form, this form is not

required. The form does not need to be countersigned by the President of the Ground Jury.

- Treatment may be required in the designated treatment areas, but in the case of some treatments i.e. intravenous fluids, or lack of sufficient treatment areas agreement may be made for this to be undertaken in own stables
- Agreed treatment areas are required for the supervised activities of Physical Therapists, but such areas for this activity may be the horses own stable.

An agreed treatment area and supervision is not required for simple treatments such as "Ice", water, cold laser, "magnetic therapies", "heated blankets" etc.

Supervision of all such treatments by FEI Officials may take place directly or by requesting to see a copy of the relevant authorization. No treatments may take place without coming under such control and authority except in the case of a clear emergency, when a retrospective authority may be considered, but may not be issued in all cases.

Notes to Organising Committees

FEI Veterinary delegates are to work with Organizing Committees in advance to ensure that treatment areas are available and fit for purpose. They are also to ensure that stewards are aware of the simple guidance above with regard to when treatments areas and permission forms are required and are not.

Organizing Committees are to also ensure that there are adequately trained stewards who liaise fully with FEI Veterinary Officials to assist with the supervision of treatment areas in order to meet the above criteria. If such stewards are not available the FEI Veterinary officials are to designate individuals that can fulfill such a role. The organizing committee is also responsible for making sure the veterinary officials have an office space with a copy machine close to the FEI stables available to them so as to facilitate the required paperwork process. The FEI Veterinary Delegate is required to make only ETUE 1 available to the Ground Jury. ETUE 1, ETUE 2 and MF 3 are required to be kept by the FEI Veterinary Delegate and referenced in their report to the FEI.

Please be aware of the new requirements from 1 June 2012 for all Veterinarians, both FEI Official and Treating, attending FEI Events.

All Veterinarians, as either an FEI Official Veterinarian (Veterinary Delegate etc) or a Permitted Treating Veterinarian: Treating Veterinarians appointed by the Organising Committee, Team Veterinarians and/or Competitor's Private Veterinarians, must carry a FEI Veterinarian ID Card in order to access restricted and/or stable areas and when administering treatments at all FEI Events.

For further information and the implications of the above on the role of the Organising Committee, please refer to the additional documents and [web page](#).

This competition consists of two different rounds A and B judged under Table A not against the clock with a jump-off against the clock in case of equality for the first, second and/or third place (Art.273.3.2).

Qualified to participate are the top 60% of the Athletes (including those placed equal for last place) according to the cumulative penalties over the first and the second qualifying competitions. The number of Athletes permitted to participate must not be less than 15 and not more than 30.

They must have taken part in the first qualifying competition (completed or not) and have completed the second competition (without having been eliminated or without retiring). If, for any reason, one or more to the qualified Athletes are unable to start, they will not be replaced by followers.

All Athletes who compete Round A go forward to Round B. Penalties in the two rounds are added.

The Athletes will be invited to inspect the course of Round B.

The lowest placed qualified Athlete will therefore start first.
- Round B : reverse order of the penalties incurred in the 1st and 2nd qualifying competitions as well as Round A. The Athlete with the greatest number of penalties will start first, the Athlete with the least penalties will start last. In the event of Athletes with equal penalties, the result of the first qualifying competition will be the deciding factor for the starting order.

Classification :

The individual placing is determined for each Athlete by the addition of penalties incurred in the first qualifying competition, the two rounds of the second qualifying competition (disregarding the penalties incurred in a possible jump-off) and the two rounds of the third competition.

In case of equality of penalties for the first, second and/or third place, a jump-off against the clock is compulsory.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off to the second and first place.

Two classifications for the individual Final competition must be provided :

- One for the individual Medal winners
- Another for all Athletes taking part in this competition. For the latter classification only the results from Rounds A and B count. Athletes with equality of penalties are placed equal.
