THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. British Export Welfare Regulations

Special Export Licences are required for every horse leaving the country; these are issued by DEFRA and Peden Bloodstock will obtain them providing the essential information is supplied at least ten days before the start of the event **at the athlete's expense**. As EC Regulations on Animal Welfare during transport are constantly under review and may be altered at any time, any queries on this subject should be addressed to Peden Bloodstock Ltd. who will do their best to provide the relevant information. If any major changes do come into effect after the entry date then Peden Bloodstock will endeavour to contact each athlete or their Federation direct.

Export Health Certificates

Peden Bloodstock will arrange for a health certificate to be issued to the veterinary surgeon at the event for each horse to return to its origin, provided the essential information on the return travel plans is given to them a minimum of ten days before the start of the event. The veterinary surgeon will complete this health certificate **at the athlete's expense**.

PLEASE NOTE that the Organising Committee will not be responsible for any taxes or fines which may be due if any horse or equipment does not return to its country of origin at the end of the event. Should any claim be made against the Organising Committee for any taxes or fines on horses or equipment which have remained in Great Britain or the European Community the National Federation making the entry will be responsible for paying these.
