THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. NOTE: As of 2013, MERs for CIs and CIOs do not expire.

For all Championships the valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling eight years period as defined in the following table.

D	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of one star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at higher level

520 – Minimum Eligibility Requirement for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions.

When multiple Minimum Eligibility Requirements are required, one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test.

520.1 Athletes not yet categorised at the level of the Competition

For Athletes not yet categorised at the level of the Competition the Minimum Eligibility Requirements must be achieved as a combination according to the following table:

Long format:

CCI4*	Uncategorized Athletes or Athletes of FEI category D or C or B	1 CCI3* + 2 CI3*
--------------	----------------------------------------------------------------	------------------

NOTE: Any Athlete that has obtained a MER in 2012 or before as a combination is automatically qualified to compete at the same type / level of Competition in 2013.

520.2 Athletes already categorised at the level of the Competition

Athletes already categorised at the corresponding level or above, can either use the full requirements for uncategorised Athletes as per Art 520.1 as a combination or the Minimum Eligibility Requirements according to the following table that can apply to the Horse only:

Long format:

CCI4*	A FEI Athletes	NF requirements + 1 CCI3*
--------------	-----------------------	---------------------------

NOTE: As a transitory measure the option to use CNs (national Competitions) for qualification purposes can be available until end 2013 for a limited number of targeted CNs by nation of equivalent type and level for a specific reason. Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose.

MERs obtained of the specific targeted national Events will only count for upgrade and not for Athletes categorisation.

The application must be sent a minimum of 4 weeks before the Event. An FEI 3&4 star Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

During 2013 the FEI will monitor the policy of approval of targeted CNs for MER purposes for consideration of extension for subsequent years.

522 Reverse Qualification

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualifications is triggered by two consecutive Cross Country eliminations or a total of three Cross Country eliminations within a 12 months rolling period of time in an international Competition. For this purpose the relevant reasons of elimination on Cross Country would be:

- a) Three refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format))

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition.

In addition to the above, should an Athlete be involved with two (2) reverse qualifications within a 12 months rolling period of time (all incidents), his right to use the qualification pathway for categorised Athletes (Art 520.2) will be automatically suspended for one year.

As DEFRA has to be advised well in advance of the arrival of horses from outside the EC, it is important that full details of travel plans are provided to Peden Bloodstock at least four weeks prior to arrival.

Customs Documentation

Horses from outside the EC must arrive with an ATA Carnet issued in the country of origin, to cover the horse and its accompanying equipment. Should any horse travel without an ATA Carnet then either the National Federation or the competitor concerned will be responsible for the costs in connection with temporary import into the EC.

British Export Welfare Regulations

Special Export Licences are required for every horse leaving the country; these are issued by DEFRA and Peden Bloodstock will obtain them providing the essential information is supplied at least ten days before the start of the event. These documents are provided at the competitor's expense.

As EC Regulations and Animal Welfare during transport are constantly under review and may be altered at any time, any queries on this subject should be addressed to Peden Bloodstock Ltd who will do their best to provide the relevant information. If any major changes do come into effect after the entry date then Peden Bloodstock will endeavour to contact each competitor or their Federation direct.

Export Health Certificates – where applicable

Peden Bloodstock will arrange for a health certificate to be issued to the veterinary surgeon at the event for each horse to return to its origin, provided the essential information on the return travel plans is given to them a minimum of ten days before the start of the event. The veterinary surgeon will complete this health certificate at the competitors' expense.

PLEASE NOTE that the Organising Committee will not be responsible for any taxes or fines which may be due if any horse or equipment does not return to its country of origin at the end of the event. Should any claim be made against the Organising Committee for any taxes or fines on horses or equipment which have remained in Great Britain or the European Union the National Federation making the entry will be responsible for paying these.

HEALTH REQUIREMENTS

GENERAL

In accordance with the FEI Code of Conduct it is imperative that all Horses at FEI Events are physically fit and free from infectious disease before being allowed to compete.

Veterinary treatment or supportive therapy required during an Event is under the control of the FEI Veterinary Official (Veterinary Delegate) and only permitted when:

- a) authorised using the appropriate Veterinary Form (see table below, or VRs article 1047-1051), either prior to the competition or prior to administration once the competition has begun;
- b) conducted within the designated Treatment Boxes and
- c) administered by an FEI Veterinarian (VRs article 1003) or Other Treating Professional (VRs article 1021).

Heated or magnetic blankets, physical therapy, ice and cold water, non-prohibited, authorised substances that are administered orally or by nebulisation, or those treatments exceptionally authorised by the Veterinary Delegate are allowed in the Horse's own stable.

VETERINARY FORM	USE	AUTHORISED BY
Veterinary Form 1	Emergency treatment using a prohibited substance	Ground Jury after first consultation with the Veterinary delegates
Veterinary Form 2	Declaration for administration of altrenogest (Regumate) to mares	Person Responsible declaration
Veterinary Form 3	Authorisation for the use of medication not listed as prohibited	FEI Veterinary Delegate

Supervision of all such treatments by FEI Officials may take place directly on a random check basis or by requesting to see a copy of the relevant authorisation. No treatments may take place without coming under such control and authority, except in the case of a clear emergency, when a retrospective authority may be considered if the Horse is to continue.

8. VETERINARIANS AT EVENTS

VETERINARY SERVICES MANAGER (VSM)

All Organising Committees must appoint a FEI Veterinarian as a Veterinary Services Manager to be responsible for assisting the organiser in achieving the Minimum Veterinary Standards and facilities required for an FEI Event. The VSM must ensure sufficient numbers of treating veterinarians are available for the type of Event and the number of Horses attending. The VSM may be the event treating veterinarian themselves.

FEI VETERINARIANS

All veterinarians treating Horses during FEI Events, including Team Veterinarians, Athlete's Private Veterinarians and Treating Veterinarians must be registered with the FEI as FEI Veterinarians – either Permitted Treating or Official Veterinarians. Veterinarians must carry their FEI ID Card with them at all times when in attendance at Events and must present this on the request of FEI Stewards or Officials. Athletes are advised to ensure that any veterinarian they wish to treat their Horse during an Event is registered in the correct way with the FEI. Registering as an FEI Veterinarian does not give any automatic right to having accreditation which is issued by the event Organising Committee.

9. NOTES TO ORGANISING COMMITTEES

FEI Veterinary Delegates must verify that adequate facilities and services are provided by the Organising Committee prior to the start of the Event, and ensure that FEI Stewards are aware of the requirements for the authorisation of Veterinary Forms, other treatments and the FEI Veterinarian ID Card during Events.

Organising Committees must also ensure that there are adequately trained stewards or designated individuals who will liaise with FEI Veterinary Officials to assist with the supervision of treatment areas. The Veterinary Forms 1-4 must be kept by the FEI Veterinary Delegate, referenced and submitted in their report to the FEI within 72 hours.
