The following is to be published in verbatim in all schedules:

The following Code of Conduct was elaborated by the FEI for all people involved in the welfare of

competing horses. The purpose is to ensure the health and welfare of horses participating under FEI Rules and Regulations and protecting the good image of the equestrian sport. To achieve the widest possible publicity it must be included in the **Schedules** and it is recommended that it also be included in the **Programmes** of all major international events.

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Chemin des Délices 9, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: <http://www.fei.org/about-us/standards>.

STABLE SECURITY/STEWARDING AT INTERNATIONAL EVENTS
Minimum requirements to ensure implementation of Veterinary Regulations,
Art.1005.2 – SEE ALSO ANNEX 13 EVENTING RULES

1. ACCESS TO STABLE AREA

For an optimal stable security, the stables must be completely enclosed within a suitably restrictive perimeter (stable area) which will act both as a deterrent to the admission of unauthorised persons and to the exit of horses. The area must be sufficiently large to allow horses to be evacuated from the stables in an emergency but still remain within the confines of the perimeter. However, several disciplines allow in specific situations a lower level of stable security (see discipline rules).

Whenever possible the stable area must include only stables; lorries, caravans, etc., should not be permitted within the area unless specifically needed as accommodation for horses and/or grooms.

Access to stables must be limited to those persons indicated in VRs Art. 1005.2.5.3. It is essential that the official issuing authorised access be a responsible person of seniority within the OC.

2. CONTROL OF ACCESS

A control system must operate at all entrance gates so that there is an efficient and reliable method of identifying those who enter and leave the stable area at any time.

Extra vigilance must be used in establishing the identity of persons and reasons for entering the stables during the night.

3. STEWARDING OF STABLE AREA

At least one stable steward, directly responsible to the Chief Steward, must be present or readily available in the vicinity of the stable area 24 hours a day during the entire duration of the event. He may be assisted by deputies as required. The steward/deputies must regularly patrol the stable area, without establishing any predetermined pattern, to discourage any form of illegal practices or abuses to horses. Any misdemeanours must be reported immediately to the stable steward who must, in turn, report to the Chief Steward.

The duty of the stewards is therefore to safeguard the welfare of the horses and to prevent any form of illegal practices.

4. GROOMS

It is appreciated that grooms wish to remain with their horses during the night. Only grooms duly registered with the OC are permitted to do so.

The Person Responsible must ensure that his/her grooms, or any other authorised persons with access to his/her horses, are familiar with the security and stewarding procedures operating at the event attended.

5. MOVEMENT THROUGHOUT EVENT GROUNDS

Movement of horses between the stables, practice, grazing and main arena must be strictly controlled. The optimum layout for Jumping and Dressage disciplines is attached. It is appreciated that flexibility will be required depending on the requirements of other disciplines.

6. STEWARDING OF PRACTICE ARENA

The Chief Steward must ensure that all practice arenas are adequately stewarded all the time that they are officially open. He must also ensure that these arenas are subject to random control when they are officially closed.

7. GRAZING AREA

It is recommended that a grazing area be provided at all outdoor events, and that this be subject to random control. If available, horses must only be grazed or walked in hand within this area.

The Foreign Judge/TD at events will be specifically asked to check that the relevant requirements are met as reasonably as can be expected, depending on the discipline, and to indicate clearly any shortfalls, following which consideration may be given to altering the category of the event in future.

This section includes documents that need to be returned to the OC/FEI for all International Eventing competitions.

III. MCP FORM

ORDER FORM FOR FEI APPROVED SAMPLING KITS

The MCP is effected in Groups I and II, by Testing Teams of veterinarians and technicians and by Laboratories all directly instructed by the FEI.

At international events outside the MCP area or at those which are covered by the MCP but at which sampling is required when the Testing Teams are not present, the Veterinary Commission/Delegate will operate in accordance with Vet. Regs Chapter VI.

To provide for this eventuality, FEI Approved Sampling Kits should be ordered directly on the form provided, from:

Horseracing Forensic Laboratories (H.F.L) Sport Science
Dr. Steve Maynard
Quotient Bioresearch Limited Newmarket Road Fordham
Cambridgeshire CB7 5WW
Tel: +44 (0) 1638 724 229
Fax: +44 (0) 1638 724 221
Email: SMaynard@hfl.co.uk

Orders must be received at least two months in advance of the date required. Any kits ordered, other than by FEI appointed MCP Testing Veterinarians, will be invoiced directly by H.F.L.

NFs are encouraged to stock an adequate number of sampling kits for use by organisers of international events.
