THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Chemin de la Joliette 8, CH-1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

EXAMINATION ON ARRIVAL 2015 Veterinary Regulations Article 1032

On arrival at an Event venue, all Horses must undergo an examination by a veterinarian to confirm their identification from their passport and microchip (where present), their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status, with regards to vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

HORSE INSPECTIONS 2015 Veterinary Regulations Article 1033, Table 2

All Horses will be assessed for their orthopaedic fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel and not be permitted to continue in the competition.

LIMB SENSITIVITY EXAMINATION 2015 Veterinary Regulations Article 1034

Horses are not eligible to compete when a limb, or part of a limb, is hyposensitive or

FEI APPROVED SCHEDULE DRESSAGE 2015

hypersensitive (both of which shall constitute “abnormal limb sensitivity”). Hypersensitive limbs have an excessive or abnormal reaction to palpation. Hyposensitive limbs include any alteration in sensitivity induced by a neurectomy or chemical desensitisation for as long as the alteration in sensitivity persists.

All Horses are subject to Examination under the Protocol for abnormal limb sensitivity throughout the Period of an Event, including, but not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event.

Horses may be selected for Examination under the Protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the Examination or are subject to immediate Disqualification. There is no obligation to examine any specific number of Horses at an Event.

6. EQUINE ANTI-DOPING AND CONTROLLED MEDICATION PROGRAMME (EADCMP) 2015 Veterinary Regulations, Chapter VI

Within FEI Groups I & II, the Organising Committee should charge athletes the equivalent of CHF 12.50 towards the cost of the EADCMP, which is managed by the FEI Veterinary Department.

SAMPLING

All horses competing at FEI Events may be subject to sampling for the presence of FEI Equine Prohibited Substances in accordance with the FEI Equine Anti-Doping and Controlled Medication Regulations (EADCMRs). Horses may be selected for sampling in accordance with obligatory testing, targeted or random sampling procedures (2015 Veterinary Regulations Article 1057 and 1058).

CLEAN SPORT INFORMATION

The current FEI Equine Prohibited Substances List of Banned Substances and Controlled Medications (the EPSL) is available on the FEI Clean Sport website: www.FEICleanSport.org as a PDF document, database or smart phone app. Detection times are also provided for a limited number of Controlled Medication substances where available.
