THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

14. STEWARDING

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

10. FEI WORLD CUP™ COMPETITION – ARAB LEAGUE –

The FEI World Cup™ Competition is open to the top 30 placed Athletes in the qualifying Competition, provided they were not eliminated or retired.

- Only one Horse per Athlete is allowed in this Competition.

- If the home country does not have an Athlete among the top 30 qualified Athletes, the highest placed home Athlete in the qualifying Competition may compete in the FEI FEI WORLD CUP™ JUMPING RULES effective for the 2015/2016 season ANNEX D 35 World Cup™ Competition as an extra Athlete bringing the starting field to 31. If there is a home Athlete among the top 30, the number of Athletes in this Competition is limited to 30.

FEI APPROVED SCHEDULE JUMPING 2015

-
- If non-Arab League Athletes have participated in the qualifying Competition the number of Athletes eligible for participation in the FEI World Cup™ Competition will be increased until the 30th Arab League Athlete is qualified at all times.
 - If one or more qualified Athlete(s) decide(s) not to participate, the next best placed Athlete according to the result of the qualifying Competition may take his place, providing that the Athlete concerned has not been eliminated or has retired in the qualifying Competition. Such replacements are allowed until two hours before the start of the FEI World Cup™ Competition.
 - If the best placed Athlete, according to the results of the qualifying Competition, is a non-Arab League Athlete, both this Athlete and the next best placed Arab League Athlete will be eligible for participation in the FEI World Cup™ Competition.
 - Athletes qualified for this Competition can participate with the Horse of their choice.
 - The FEI World Cup™ Competition is run according to the following formula:
 - Over a two round Competition with the first round not against the clock and the second round against the clock (Art. 273.3.3.2). The top 25% (including FEI World Cup™ Athletes and non-World Cup Athletes) of Athletes on points from the first round, in any case all clear rounds, qualify for the second round based on their penalties in the first round. Those not qualified for the second round are placed according to their penalties in the first round.
 - Classification will be according to Art.273.4.3.
 - If the FEI World Cup™ Competition takes place on the 2nd day of a 3 day Event, the Athletes will be allowed to enter the Grand Prix or a smaller Competition on day 3 with the FEI World Cup™ Horse.
 - If the FEI World Cup™ Competition is the Grand Prix on day 3, day 1 should include a Competition with obstacles of approximately 1.35 m in height.
 - Each FEI World Cup™ Competition is run at a minimum speed of 350m/min. The height of the obstacles may be anything between 1.40m and 1.60m. The spread must be proportional to the height and not more than 2m. If there is a water jump, it cannot be wider than 4m outdoors.
 - The starting order in the first round of the FEI World Cup™ Competition is established according to a draw.

IMPORTANT

*: Maximum Number of starters per competition: 100.

If more than 100 starters are declared, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the actual number of starters, that determines whether the Competition must be split.

Prize Money Distribution:

Please specify under each Competition which of the two charts you will be using for the distribution of the Prize Money (Chart 1 or Chart 2, see next page).

THE APPENDIX (8 PAGES) IS PART OF THIS APPROVED AND SIGNED SCHEDULE AND MUST BE DISTRIBUTED TO ALL OFFICIALS AND NFs AND IS AVAILABLE TO OTHERS UPON REQUE
